

# Integration Guide for Magento 2

## • Install Extension

1. Download the latest Source code zip file from the Payment Options GitHub  
( Use the download Link : <https://github.com/paymentoptions/magento2-extension> )
2. Extract the magento2-extension.zip.
3. Place the extracted files into app/code/Agtech/Paymentoptions/ folder under Magento root path
4. Check your Magento Mode:  
Run "**php bin/magento deploy:mode:show**" to find your mode  
If your Magento mode is "production", please run the below commands:
  - I. **php bin/magento cache:clean**
  - II. **php bin/magento cache:flush**
  - III. **php bin/magento setup:upgrade**
  - IV. **php bin/magento setup:di:compile**
  - V. **php bin/magento setup:static-content:deploy**

If your Magento mode is "default" (or) "developer", please run the below commands:

- I. **php bin/magento setup:upgrade**
- II. **php bin/magento setup:di:compile**
- III. **php bin/magento setup:static-content:deploy -f**

## • Configure Extension

1. Log in to your Magento Store Backend
2. Choose Stores on the Admin sidebar to the left. Now go to Settings > Configuration.
3. In the Configuration page, click on Sales on the left and choose Payment Methods
4. On the Payment Methods page, navigate to “Payment Options” Payment Section.
  - I. Enabled - select yes to enable the “Payment Options” Payment Method
  - II. Mode - select sandbox or live mode
  - III. Title - This title will show under the payment methods section on the checkout page of Magento
  - IV. Access Token - Enter Your <Secret Key> received from Payment Options.
  - V. Merchant ID - Enter Your <Merchant ID> received from Payment Options.
  - VI. Debug - select yes to enable the debug, this will log Payment Options API calls under var/log/debug.log file
  - VII. Countries - Allow all countries or select specific countries to access this payment method
5. Click Save Config.
6. Refresh Magento Cache.

The screenshot shows the Magento Configuration page for the Payment Options extension. The left sidebar shows the navigation menu with 'Payment Methods' selected. The main content area displays the configuration for the Payment Options extension, including fields for Enabled, Title, Access Token, Merchant ID, Sandbox Mode, and Countries. The 'Enabled' field is set to 'Yes'. The 'Title' field is set to 'Payment Options'. The 'Access Token' field contains a long alphanumeric string. The 'Merchant ID' field contains a shorter alphanumeric string. The 'Sandbox Mode' field is set to 'Yes'. The 'Countries' field is set to 'All Allowed Countries'. The 'Payment From Specific Countries' field is set to 'All Allowed Countries'. The 'Sort Order' field is set to '1'.

## Front View

1. It will show on the checkout page under the payment Methods section
2. Select "Payment Options" payment option: It will show like below:

The screenshot shows the LUMA checkout interface. At the top left is the LUMA logo. Below it is a progress bar with two steps: 'Shipping' (completed, marked with a checkmark) and 'Review & Payments' (active, marked with a checkmark). The main section is titled 'Payment Method'. Under this, it says 'Card payment power by Payment Options'. There is a checked checkbox for 'My billing and shipping address are the same'. Below this, the address is displayed: '113', 'Singapore, Singapore', and a masked postal code. A blue 'Place Order' button is located at the bottom right of the form.

3. Click on “Place Order” Button: It will redirect you on payment page

The payment form is titled "PAYMENT OPTIONS" and features a large orange "Place Order" button at the top. Below this, the form is divided into several sections:

- Amount:** A text input field with a currency selector (JPY) and a confirmation checkmark.
- CARD DETAILS:** A section with a help icon (i) containing:
  - Name on Card:** Two input fields for "First Name" and "Last Name".
  - Card Number:** An input field with a Visa/MasterCard logo and a confirmation checkmark.
  - CVV:** An input field with a confirmation checkmark.
  - Card Expiry:** An input field with a confirmation checkmark.
- BILLING INFORMATION:** A section with a help icon (i) containing:
  - Email Address:** An input field with a confirmation checkmark.
  - Phone:** An input field with a confirmation checkmark.
  - Address:** An input field for "Building Name, Street" with a confirmation checkmark.
  - City/State:** An input field with a confirmation checkmark.
  - Country:** A dropdown menu with "Select..." and a confirmation checkmark.
  - Postal Code:** An input field with a confirmation checkmark.

At the bottom of the form are two buttons: a grey "Cancel" button and an orange "Pay Now" button.

4. Make payment using any of the options provided above.
5. After making a successful payment, it will redirect to the success page.

The success page is titled "PAYMENT OPTIONS" and features a large green "Payment Successful!" message. Below this, the page displays the following information:

- Paid to:** A line of text indicating the recipient.
- Amount Paid:** JPY 1200
- Transaction reference:** e7f8574e-a918-4684-9269-9a7f3b3a6179
- Please enter an email id to receive the receipt:** A text input field with a confirmation checkmark.
